Berkeley, CA

Senior Product Designer with 6+ years across enterprise and consumer platforms. Currently leading design for credibility features on the LinkedIn profile, with past experience in enterprise SaaS and AI products. Brings systems thinking to ambiguous problems and cares deeply about equitable, human-centered design.

EXPERIENCE

LinkedIn

Sep 2020 – Present · 5 yrs 8 mos

Senior Product Designer — Oct 2023 – Present
AI & Consumer Products

- Defined strategic design principles for credible content on the LinkedIn profile and led execution of two new features that surface verified data from external sources — translating complex trust and data problems into simple, trustworthy user experiences.
- Led design for an early-stage AI vision project, defining UX paradigms for intelligent agents and translating abstract AI concepts into concrete, buildable interaction patterns across surfaces.

Product Designer — Sep 2020 – Oct 2023

- Designed core workflows and features for Sales Navigator, including Relationship Map — a collaborative account mapping tool that helps sellers visualize buying committees, track stakeholder changes, and identify growth opportunities using real-time LinkedIn data.
- Developed reusable components for the Sales Solutions design system, improving pattern consistency across the org.

Uber

May 2019 – Apr 2020

Contract Product Designer — Jan – Apr 2020
Rider Experience

- Designed visual affordances for Uber's product selection screen to improve ride option discoverability, grounded in data showing only 10% of riders scrolled the full product list.
- Designed UX for Business Hub, a centralized destination for business riders to manage profiles, benefits, and expense integrations.

Product Design Intern — May – Aug 2019
Rewards Team

- Redesigned the Flexible Cancellations benefit experience for Uber Rewards Gold members, improving awareness and comprehension across the full cancellation-to-rebook flow.
- Explored UX for UberX Diamond, a new ride tier for high-value members, navigating tradeoffs between product differentiation and booking flow friction.

EDUCATION

Georgia Institute of Technology — 2020
B.S. Industrial Design · Highest Honors
